## HOW DOES IT WORK?

Professional tutors and teachers will lead small groups of students who are in the same writing stage. We'll cover some do's and don'ts of college essay writing, work on your writing and spend some time in peer review. You'll also get an opportunity for individual help and feedback.

## WHAT'S IN IT FOR ME?

A giant head start on your college essay, free professional tutors and teachers writing tips, and also some free snacks.

## WHAT DO I BRING?

Please bring at least 5 copies of your essay draft if you have one. If you don't have a draft—bring some ideas and a good attitude.
